

She Got Me Pissed

Bandit Gang Marco

She got me pissed
Girl don't say a word to me
I don't wanna hear it at all
No, don't touch me
When you was talkin to that dude
You was like fuck me
(She got me pissed)
I saw you
No second chances
Don't sit here and lie
(She got me pissed)
I saw you
No second chances
Don't sit here and lie
She got me pissed

She let me thin about it
No fuck that
No second chance
Go tell yo man about this
Then you gone lie about it
Then wanna start cryin about it
Then you wanna go tell yo mom
Like that's gone change my mind about it
You in the wrong girl
Thought you was slick
You made them spies into yo homegirls
Don't call my phone girl
Just leave me lone girl
You had a nigga fooled
Cus you bad to the bone girl
Up and down
'Round and 'round
Relationships bipolar
It's gone take some time to forgive
Anything that I saw
Leave
I don't wanna see yo face
You took advantage of my love
You should be replaced

She got me pissed
Girl don't say a word to me
I don't wanna hear it at all
No, don't touch me
When you was talkin to that dude
You was like fuck me
(She got me pissed)
I saw you
No second chances
Don't sit here and lie
(She got me pissed)
I saw you
No second chances
Don't sit here and lie
She got me pissed
