

# Never Stop the Rock

Bang Camaro

What do they think we will say  
When they tell us to stop  
To stop the rock?  
We will not, we will not stop the rock

Who do they think that they are  
Trying to stop the guitar  
From saving the world?  
Those motherfuckers

Do they think that we're meek?  
Do they think that we'll fall?  
We'll never falter, no  
We'll never stall

Don't believe in the lie  
That the rock had to die  
No, no, no, no, no  
We'll never stop the rock

We'll never stop the rock  
We'll never stop the rock  
Oh yeah  
The rock won't stop

With a flick of a switch  
They'll say enough is enough  
Well, we will turn it back on  
And then we'll turn it on up

They want us all picking sides  
Conquer and divide  
Trying to pull us apart  
We will not take it

United we stand, united we rock  
We'll never waver, no  
We'll never stop, alright

It's our time to rise  
To harmonize  
Galvanize  
We'll never stop the rock

We'll never stop the rock  
We'll never stop the rock  
We'll never stop the  
Rock won't stop

We'll never stop the rock  
We'll never stop the rock  
We'll never stop the  
Rock (Oh yeah)  
Won't stop

There's not a chance  
There's not a reason

There's not a time  
No, there's not a season  
Not on our lives  
Not on our watch  
We'll keep it coming (Yeah)  
We'll never stop the rock

The rock won't stop  
The rock won't stop  
The rock won't stop  
The rock won't stop

The rock won't stop  
We'll never stop the rock  
Won't stop  
We'll never stop the rock  
Won't stop  
We'll never stop the rock  
Won't stop  
We'll never stop the rock

Whoa, yeah, alright  
We'll never stop the rock (No way)  
Whoa, yeah (No, no)  
We'll never stop the rock  
Whoa, yeah (No way)  
We'll never stop the rock  
No, whoa, ow  
We'll never stop the rock
