

## Isle Of Hope

Bang

Like an angel gently calling,  
She beckons me  
Lost in the distance of another life,  
My destiny  
The Isle of Hope, The Isle of Hope  
Skid away Drift away across the water  
Skid away to the Isle of Hope

Adrift upon a tender wind  
I hear her whispering  
Spend your life  
Be here with me  
Make it so  
Let it be  
Skid away across the water  
Skid away to the Isle of Hope

Like an angel gently calling  
She cries to me  
Skid away across the water  
Skid away to the Isle of Hope  
Skid away to the Isle of Hope  
Spend your life  
Be here with me  
Make it so  
Let it be  
Skid away Drift away
