

Make Me Pretty

Bang

Please Mister cameraman
Make me pretty Please Mister cameraman
Take my picture if you can
Shoot me good, She want's to see
Make Me Pretty!
Her letter had a shot of her
She sent her Love to me "Dear Sir"
If you can
See her eyes, is it love that glows within
Have I found that special someone
She Loves a name, Am I him?

You see I'm here, and she's out there
We never met face to face
I can't get out, she can't come in
Have I found that special someone
She Loves a name, Am I him?

We met by pen, six months ago
I had no friends no place to go
She read my ad in "Lonely Friends"
The magazine, My mother always sends to me

Make me pretty, make me sweet
Make me someone she'd like to see
Can I be the one she see's
Can I answer all her needs

Should I tell her where I've been
Is it love that glows within
Have I found that special someone
She Loves a name Am I him?
