

# On The Block

Bankroll Fresh

Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
Yeah I'm on the block, working on the clock  
Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
I'm working 365, around the clock  
Ain't nowhere to go when you're on the block

Ain't nowhere to go when you're on the block  
I'm on the fucking block 'til I'm on the top  
Remember I was trapping right by Granny's spot  
Remember we was trapping using Granny's pots  
Remember I was working, tryna get out  
Remember I was at the bottom tryna figure it out  
Nigga stuck at the bottom, tryna dig it out  
Stayed down, went and got it, look who winnin' now  
Same niggas say they love me, look who envy now  
See them niggas out in public, they be in and out  
All that fake shit you doing, yeah it's thinning out  
Put my life on this pad, I just pen it out

Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
Yeah I'm on the block, working on the clock  
Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
I'm working 365, around the clock  
Ain't nowhere to go when you're on the block

Hey do you niggas know what it feel like  
To be outside, really trapping in the cold  
Staying down, tryna get this shit and hope it unfold  
Same niggas stayed down getting this shit off the road  
Stayed down, nigga searched and found a pot of gold  
Niggas didn't think I would make it, had to show them hoes  
Water diamonds on my neck, I'm sho nuff froze  
Water diamonds in my ear, I'm sho nuff cold  
Threw some money in the air for promotional use  
It been a good day of trapping, I done juugged me a few  
A lot of niggas hating on me, I came through brand new  
Back to back, these niggas ain't pokin rims on the coupe

Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
Yeah I'm on the block, working on the clock  
Ain't nowhere to go when you're on the block  
Ain't nowhere to go when you're on the block  
I'm working 365, around the clock  
Ain't nowhere to go when you're on the block
