I've been sleeping with a ghost
Dancing with my secrets in the moonlight
There's some pieces of my soul
I can't put together alone
I've been sleeping on my own
Dreaming in a fever I can get by
I could never feel at home
You just need to take me away

I've been sleeping with a ghost
Sleeping with a ghost
Dancing with my secrets
Dancing with my secrets in the moonlight
I've been sleeping with a ghost
Sleeping with a ghost
Dancing with my secrets
Dancing with my secrets in the moonlight

I don't know if it's the right time
But one of us needs to become a ghost

Sleeping with a ghost
Dancing with my secrets in the moonlight
