

No Future

Banks Arcade

I've got some bad habits
To keep me busy when we're lonely I don't feel like I'm alone
It seems we're back at it
The paranoia keeps me screaming I don't feel like I'm at home

You're dead and feeling dizzy
You just want this shit to end
But I love this fucking feeling
Even though I know I'm next

Please, don't hold your breath
This might be the last time
I see you praying that we aren't just human
We're all scared to death
This might be our last night
I hate to say it but we've got no future

I don't think that I'll wake up
Let's just kiss and make up
I don't wanna take all my mistakes back to the grave
Our lives are made of paper
Tried so hard to change us
But we kept flying closer to the flame

We're all gonna save ourselves when the time comes
But no one wants to die alone
So take my hand let's start forever
It's all we've got

We're making bad decisions cause the worlds about to end
I'll tell you all my secrets if you tell me you're my friend

Please, don't hold your breath
This might be the last time
I see you praying that we aren't just human
We're all scared to death
This might be our last night
I hate to say it but we've got no future

I don't wanna be the last one standing
I just wanna be alive when they hear this
The lights drop and we all start dancing
Baby, its a good life, what a good night
I don't wanna be the last one standing
I just wanna be alive when this hits
The lights drop and you all just lose it
Fuck it!
We've got no future!

(Run it up
Had enough
Run it up
Outta love
Had enough
Fuck it up
Run it up
Had enough

Run it up
Outta love
Had enough
Fuck it up)

Please, don't hold your breath
This might be the last time
I see you praying that we aren't just human
We're all scared to death
This might be our last night
I hate to say it but we've got no future

Please, don't hold your breath
This might be the last time
I see you praying that we aren't just human
We're all scared to death
This might be our last night
I hate to say it but we've got no future
