

Anything 4 U

Banks

I could see you signing
Give me something more
Tell me now, who do you love?
Sat in silence, ah
If you want me, baby, let me know
Don't leave me lying alone

All we got is time, babe, tell me something
I can't read your mind when you tell me nothing

I say you shouldn't do something I wouldn't do
The problem is I'd do just anything for you
Don't test me, I won't lose if it's to do with you
Ask me to prove it, I'd do anything for you

Not a mind reader
Let me crack the code
Tell me what I wanna know
'Cause I search for signs above
For an answer, baby, it'll show

Tell me now, who do you love

Hoping you could let me lead the stranger
Look at you and me, we could be major

I say you shouldn't do something I wouldn't do
The problem is I'd do just anything for you
Don't test me, I won't lose if it's to do with you
Ask me to prove it, I'd do anything for you

I say you shouldn't do something I wouldn't do
The problem is I'd do just anything for you
Don't tell me I can't choose
'Cause every time it's you
The problem is I'd do just anything for you

You and me are shining
In our separate places
I see your light up above
And I always liked the taste
Of a run, I'm good at catching up
Tell me now, who do you love?

Got no time to lose Impatient nature
I'll color your life like I'm a painter

Tell me now, tell me now, who do you love?
