

I Hate Your Ex-Girlfriend

Banks

Set this bitch in motion she's emotional
I ain't tryna make this conversational
If she were really something
She'd still have him though

Give it up
I done stole your love
You don't think he show me when you hit him up
Honey cup
Hate to see you stuck
Tryna make him jealous he don't give a f...

I hate your ex-girlfriend
I don't think that she's appropriate
Someone help her little basic face
And tell her that she's holding on to nothing

I hate your ex-girlfriend
Obvious she ain't found someone yet
I'ma some flowers to her ego
Then at least she walks away with something

I hate you bitches I'm misogynistic
Mad at me but I am not his Mrs
I hate you hate you right now
Karma Karma for the ex bitches

I'm an ex-hoe, x-rated
You want him but I made him
Don't get put in a body bag
I get fucked up when I'm faded

Put a toe tag on her like a French tip
Wrap a bow around your coffin like it's Christmas
You a sick hoe you should make a death wish
Scarlett letter then I seal it with a French kiss, muah

Your ex-boyfriend can get it
I be with him 24/7
Heard you're trying to say you're over him until you let the alcohol set in
Your mouth still where his name lives
I know it's so frustrating
I stay in his mouth and he can't keep me out of it like ooh ahh!

I hate your ex-girlfriend
I don't think that she's appropriate
Someone help her little basic face
And tell her that she's holding on to nothing

(You want him but I made him)

I hate your ex-girlfriend
Obvious she ain't found someone yet
I'ma send some flowers to her ego
Then at least she walks away with something
