

# Meteorite

Banks

We're already in bed you may as well lie  
Do you wanna sleep here or leave?  
We can tell them you got two hands tied  
If you want to call this a secret I'll keep it locked up  
I know how to swim far and you like it deep so we may as well jump  
Caught up in no good  
So good like when we do something  
Real bad  
Sweet that it's so bitter  
Sweet that it's so bitter

If you want to beat the sunlight Ima leave my inhibitions at the door  
Like a meteorite  
Let's go to space then to the floor  
Like the way you talk and the way you're licking your lips I know you don't bite  
Or maybe you do, I can do it too  
Maybe we can make a move  
Tell me there'll be no harm we'll do it just once  
Maybe you and me make a deal we'll meet up when we're lonely and drunk  
If you want to catch me or keep me I'll give you two tries  
Maybe we can mix up our sugar and heat and we can caramelize

Caught up in no good  
So good like when we do something  
Real bad  
Sweet that it's so bitter  
Sweet that it's so bitter  
If you want to beat the sunlight Ima leave my inhibitions at the door  
Like a meteorite  
Let's go to space then to the floor  
Like the way you talk and the way you're licking your lips I know you don't bite  
Or maybe you do, I can do it too  
Maybe we can make a move  
Maybe we can make a move  
Maybe we can make a move  
Maybe we can make a move
