

Misunderstood

Banks

If I had just one penny for
Every time somebody didn't get me
I wouldn't need this hustle, man
But, damn, I love this hustle
You don't have to understand

Please let me be
Please let me be misunderstood, oh
Please let me be
Please let me be misunderstood

If I had just one dollar for
Every time somebody didn't listen
I wouldn't need these vocals, man
But I still got my mic in hand
You don't have to be my stan

Please let me be
Please let me be misunderstood, oh
Please let me be
Please let me be misunderstood

Please let me be
Please let me be (Please let me be, please)
Please let me be
Please let me be (Please let me be, please)
Please let me be
Please let me be misunderstood (Oh, yeah)
Na-na-na, yeah, yeah, yeah, yeah
