Make this promise now, promise now, promise now, promise now, promise now  
If you work we harder, work we harder, work we harder, work we harder  
Make this promise now, promise now, promise now, promise now, promise now  
If you work we harder, work we harder, work we harder, work we harder

I'll try hard to control my temper  
You know I gotta hot head  
Cause I'ma scream, I'ma yell  
But it's out of love  
And I can't have you give up just yet  
You, no, you ain't no perfect, angel  
You done some hurtful things too  
I don't care, let's move on, it's all in the past  
I just wanna be loved by you

Make this promise now, I will be your ground  
If you work we harder, I will be your water  
Make this promise now, I will be your ground  
If you work we harder, I will be your water  
Work, work, work, we harder  
Work, work, work, we harder  
Work, work, work, we harder  
Work, work, work, we harder

Make this promise now, promise now, promise now, promise now, promise now  
If you work we harder, work we harder, work we harder, work we harder  
Make this promise now, I will be your ground  
If you work we harder, I will be your water  
Make this promise now, I will be your ground  
If you work we harder, I will be your water  
Work, work, work, we harder  
Work, work, work, we harder
