

C'est La Vie

BANNERS

There's nothing on the TV
And nothing in my bank account
Nothings working
I'm introverted so I never go out
When I talk to strangers
It's in a language that nobody speaks
But I don't get too down
Cos I know that you get me

And when we come home
If the house is cold
All I want is to hear you say

C'est la vie
Come on baby let it be
I'll take anything that comes if you'll take me
Ooooooh
Now I see
There's no other guarantee
All I gotta hear at night
Is you love me
C'est la vie

I'm in a long line
Just standing at the back of the queue
But it's alright
Cos I'm standing here just thinking of you
It's gotta move sometime
I reckon it's not anytime soon
Well that's just life
And I'm coming home to you

Life goes on and on
All is said and done
All I want is to hear you say
Is to hear you say

C'est la vie
Come on baby let it be
I'll take anything that comes if you'll take me
Ooooooh
Now I see
There's no other guarantee
All I gotta hear at night
Is you love me
C'est la vie

I got you
I got you
It's true
It's true
I got you
I got you
It's true
It's true

So let's twist and shout lets twist and shout

Cos there's nothing that you're in that you can't get out
So take it in
Don't throw it out
And if you got no money in your bank account

Just say
C'est la vie
Come on baby let it be
I'll take anything that comes if you'll take me
Ooooooh
Now I see
There's no other guarantee
All I gotta hear at night
Is you love me
C'est la vie
