

Happier

BANNERS

(Happier happier?
Would you be happier with somebody else?)

You were made for me
I was made for you
We liked the same films
We loved the same tunes

Oh but recently
You've been cold with me
It got so complicated
Oh god I really hate it

And now I'm asking myself

Would you be happier with somebody else?
I got this feeling and it won't go away
Oh it's so hard to say
Would you be happier happier?
Have I been living in a lie that you tell
But if you're true to yourself
Would you be happier with somebody else?

Happier happier?
Would you be happier with somebody else?

Nothings getting through
You can't feel me now
We're on the same street
But in a different town

Playing different games
And I don't know how
Not on the same team
Where do we go now?

It doesn't feel like you and me
I look to you for something real
But I just see someone
Who would be happier with somebody else

I got this feeling and it won't go away
Oh it's so hard to say
Would you be happier happier?
Have I been living in a lie that you tell
But if you're true to yourself
Would you be happier with somebody else?

Happier happier?
Would you be happier with somebody else?
Happier happier?
Would you be happier with somebody else?
Would you be happier with somebody else?

It doesn't feel like you and me
I look to you for something real
But I just see someone

Who would be happier with somebody else

I got this feeling and it won't go away
Oh it's so hard to say
Would you be happier happier?
Have I been living in a lie that you tell
But if you're true to yourself
Would you be happier with somebody else?

Happier happier?
Would you be happier with somebody else?
Happier happier?
Would you be happier with somebody else?
Would you be happier with somebody else?
