

## Body Suit

bAnoffe

It's all for you, but it's really for me  
Strip it off like a scarf, so quickly  
Strap it tighter so I can't breathe  
I'll wear it for you; it tastes so sweet

I take my own route, I won't drive it  
Foot's down, cause that's how you like it  
I'll do it loud, cause that's how you like

I'm sweating, I'm crashing  
I'm sweating, I'm crashing

I don't wanna make you happy  
I just want to satisfact  
Your talk, it gets so sappy  
I don't want what's in your lap  
I don't wanna make you happy  
I just want to satisfact  
Your talk, it gets so sappy  
I don't want what's in your lap

Put you on, like a bodysuit

(In your lap, in your lap  
In your lap, in your lap  
(Men I will do)  
In your lap, in your lap  
In your lap, in your lap (come quickly, oh)  
(In your lap, in your lap  
In your lap, in your lap  
(Men I will do)  
In your lap, in your lap  
In your lap, in your lap (come quickly, oh)

Put you on, like a second skin  
Thin scales, just enough to swim  
You're so slimy but you like the taste  
I could make use of what I thought was waste  
I'll take my own seat, I won't trick you  
This is not just a rock to just break though  
I'll take my own seat, I won't trick you  
(Men like, men like you)

I'm sweating, I'm crashing  
I'm sweating, I'm crashing

I don't wanna make you happy  
I just want to satisfact  
Your talk, it gets so sappy  
I don't want what's in your lap  
I don't wanna make you happy  
I just want to satisfact  
Your talk, it gets so sappy  
I don't want what's in your lap

Put you on, like a bodysuit

I'll change for you, I'll change for you  
Like a bodysuit, like a bodysuit  
I'll change for you I'll change for you
