

Tapioca Cheeks

bAnoffee

I like it when you cry
It makes me know you
It makes me see you

I hate it when you lie
Just to feel strong
Oh, it's so boring

Tears roll to your lips
Freckles look like pebbles on the stream
Licking up the creek
Licking up the creek
Tears roll down your face
Freckles look like taro bubble tea
Tapioca cheeks, tapioca cheeks

Tears roll to your lips
Freckles look like pebbles on the stream
Licking up the creek
Licking up the creek
Tears roll down your face
Freckles look like taro bubble tea
('Cos I'm scared too)

Everything, everything you say
Makes me love you more
Makes me love you more
'Cos I'm scared too

Everything, everything that makes you scared
Makes me love you more
Makes me love you more
'Cos I'm scared too

I love it that you're shy
It makes me trust you
I think you're so cute

It means a lot that you try
When I can't take it
You take it on and stop it

Everything that makes me love you more
Everything that makes you scared makes me love you more
'Cos I'm scared too

Everything that makes me love you more
Everything that makes you scared makes me love you more
'Cos I'm scared too

Everything, everything you say
Makes me love you more
Makes me love you more
'Cos I'm scared too

Everything, everything that makes you scared
Makes me love you more

Makes me love you more
'Cos I'm scared too

Everything, everything
Everything, everything
'Cos I'm scared too

Everything, everything
Everything, everything
'Cos I'm scared too
