

# BACKSTABBER

Banshee

Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine

Just another day  
Of minding my own business  
You're an alchemist  
Who turns beauty into hate  
I told you to stay away  
And I let you keep your peace  
Now it's just another day  
And you're in my face

Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
I could ruin your life  
I could steal your peace of mind  
Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine

Just another day  
Of staying in my lane  
Then a little birdy says  
You're telling lies on my name  
I told you to stay away  
And I let you keep your peace Now it's just another day  
And you're in my face

Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
I could ruin your life  
I could steal your peace of mind

Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
Backstabber

Got your dagger  
If you're wondering  
I've been doing just fine

Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine

Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine  
I could ruin your life  
I could steal your peace of mind  
Backstabber  
Got your dagger  
If you're wondering  
I've been doing just fine
