Beach Worms

Banshee

I won't go down politely
I will never surrender

You love to wear my skin
Wrapped around your empty shell
Honestly
You can have it
I wear it better than you ever will

I've swallowed my pride
I've swallowed my rage
Don't try to be me
You would never survive
I love leaning into everything they say
All I want is money, power, glory, and fame, and I

I won't go down politely
I will never surrender

I cried my tears into the sea
And the ocean cried with me
You bury your head in the sand
And the worms crawled into your brain cavities

I've looked pure evil dead in the eyes
So I don't care if you like me
If you think that I'm nice
You could never touch this
But I like watching you try
All I want is money, power, glory, and fame, and I

I will not die politely
I will never surrender
You and I are not the same
You and I are not the same

You couldn't touch this in your dreams
Keep trying, keep trying
Swallowed my pride
I've swallowed my rage
Don't try to be me
You would never survive
I love leaning into everything they say
All I want is money, power, glory, and fame, and I

A parasite has eaten your mind
You would jump off a bridge as you say "How high?"
You and I are not the same
You and I are not the same
