

CITADEL

Banshee

I don't feel your words
Hit me where it hurts
Buried that shit deep
I'm still coughing up the dirt
I don't feel your words
Hit me where it hurts
Buried that shit deep
I'm still coughing up the dirt

I don't wanna die
I just wanna watch you burn
I don't feel it all anymore from up here
These walls are made of stone
And they're reinforced with steel
All I see from here is the forest and the sky
And that's all I ever need

No one can see me
No one can hurt me, up here
No one can see me
No one can hurt me, up here
