

Fawnheart

Banshee

Fawnheart
Outrun the hunter
Bright eyes
Eyes off the ground

Fawnheart
Hiding in the thorns
Bright eyes
Never look down

Fawnheart
I move in silence
Bright eyes
Swallow my fear

Fawnheart
Glowing through the dark
Bright eyes
Searching for something

They said this world is cold
And I'm too fragile
Winter comes and goes
And here I'm standing

In a frozen forest
My heart is warm
An eternal flame
Burning through the dark

As the winds howl
It burns on and on
An eternal flame
Burning through the dark

Fawnheart
Outrun the hunter
Bright eyes
Eyes off the ground

Fawnheart
Hiding in the thorns
Bright eyes
Never look down

Fawnheart
I move in silence
Bright eyes
Swallow my fear

Fawnheart
Glowing through the dark
Bright eyes
Searching for something

Silent breath
Shaking but steady

Prepare for night
Whisper a blessing

I feel so alive when my heart breaks
Like heaven stoking the eternal flame
The pain reminds me
That it's still burning

And that when I die
Something else is waiting

Fawnheart
Outrun the hunter
Bright eyes
Eyes off the ground

Fawnheart
Hiding in the thorns
Bright eyes
Never look down

Fawnheart
I move in silence
Bright eyes
Swallow my fear

Fawnheart
Glowing through the dark
Bright eyes
Searching for something

Fawnheart
Created my own world
Bright eyes
Free from the horror

Fawnheart
Soft, never weak
Bright eyes
The forest is healing

Fawnheart
Bright eyes

Fawnheart
Bright eyes

Fawnheart
Bright eyes

Fawnheart
Bright eyes
