

Force of nature

Banshee

Force of nature
I'm at the mercy of your weather

Force of nature
I'm at the mercy of your weather
And I surrender

Force of nature
I'll let you pull me under
I can't hide
I surrender

I always played it cool
Until I met the moon
Born in the sea
But the current's too strong

I can't resist you
Watching me underneath your glow
Is it a nice view?
You're a

Force of nature
I'm at the mercy of your weather
And I surrender
Force of nature

I'll let you pull me under
I can't hide
I surrender

You move like thunder
Unseen until you strike
Make the earth tremble
But you'd never make me cry

And I love it
You're watching me like an angel sent

Fuck it
I give in
You're a

Force of nature
I'm at the mercy of your weather
And I surrender

Force of nature
I'm at the mercy of your weather
And I surrender

Force of nature
I'll let you pull me under
I can't hide
I surrender

Force of nature
I give myself to you forever
