

FUCK WITH A WITCH 2

Banshee

You don't scare me anymore
You tried and tried but look at me now
You piece of shit

I swore to myself that never again never again
That I would ever let someone like you inside my room inside my
life

That was the last time I fucking told your bitch
Then you wouldn't fucking quit
Look at me now I'm the shit

This is the last time I swear to fucking God
I've lost my fucking mind
That you'd leave this fucking room
Bitch don't make me fight you and your stupid buddy yeah
Don't talk I'm coming straight for your head

(Banshee)
