

## Fuck With A Witch

Banshee

This is the last time  
I swear to fucking God  
I've lost my fucking mind  
Don't you leave this fucking room  
Bitch don't make me find you  
In your stupid Pontiac top, down  
I'm coming straight for your head

Fuck with a witch bitch  
Never live another day to sip a natty ice  
In your dirty ass room  
With some bitches that you met online  
Who just wanna smoke all your weed  
Good for them  
They need it more than you
