

# I May Be A Doe..

Banshee

I may be a doe  
But my knees will not tremble  
Get out, this is my home  
Get out, this is my home

Don't befriend the rats  
Woke up  
Ivy wrapped around my neck  
Looked around  
Where the hell are all my friends  
Tried to scream  
Nothing came out  
What the fuck  
The world got dark and now I'm on my own

I may be a doe  
But my knees will not tremble  
When I stare into the eyes of the wolf  
And stand my ground, I'll stand alone  
Get out, this is my home  
Get out, this is my home  
Blood of the lamb on your door  
Mine's got the blood of the wolf

Don't befriend the rats  
The hunter wants me to get on my knees  
Look straight into the barrel of his gun and  
And thank him for not shooting me mercilessly  
What the fuck  
The rats all scattered, now it's up to me

I may be a doe  
But my knees will not tremble  
When I stare into the eyes of the wolf  
And stand my ground, I'll stand alone  
Get out, this is my home  
Get out, this is my home  
Blood of the lamb on your door  
Mine's got the blood of the wolf

I may be a doe  
But my knees will not tremble  
When I stare into the eyes of the wolf  
And stand my ground, I'll stand alone  
Get out, this is my home  
Get out, this is my home  
Blood of the lamb on your door  
Mine's got the blood of the wolf

Don't befriend the rats  
They'll scatter at the first chance  
So I'll do it alone

I may be a doe  
But my knees will not tremble  
Blood of the lamb on your door  
Mine's got the blood of the wolf
