

## Lil Good Guy Doll

Banshee

I wonder what you look like on the inside  
I wonder what you look like on the inside  
Your life is mine  
Your life is mine

I wonder what you look like on the inside  
Your life is mine  
Your life is mine

Lil good guy doll don't got a soul  
Just a black hole  
Just a black hole  
Lil good guy doll lost control  
He thinks no one's watching he don't even know  
Thought he heard a ghost  
There's a banshee in the wall  
Makes him wanna fall from the  
Window to the sidewalk ya  
Bet he'll like taste of his own blood  
His giant head relieved by a cracked skull  
Tell him all your woes  
He won't get off till he know's  
Everything that's wrong with you  
Everything that's wrong  
Tell him everything he need's to destroy you  
Give him all the fucking means the destroy you
