

## Loose

Banshee

You call me loose  
But all you do is use me to get off  
The way you want me is so ugly  
"Your dad must be so proud now," they say  
"Your dad must be so proud now"

Hey man  
I see you like looking at my tits  
So why you now talking all that shit?  
Love or hate me, nigga, take a pic  
Yeah, I know you like it  
I see you lick your lips  
Hide your little wedding rings  
You put me in a box  
Scarlet letter, eat me up

My survival is a benefit to you  
My starvation fuels the things I do  
Demonized, your morals are so high  
I'm your biggest contradiction

You call me loose  
But all you do is use me to get off  
The way you want me is so ugly  
"Your dad must be so proud now," they say  
"Your dad must be so proud now"

It's so ugly

We just can't win  
You control the world then  
Shame us for tryna exist  
You made your bed now lie in it

You created this  
But you don't own a piece of it  
Keep coping bitch

Can't escape this mark on me  
Trapped in mens' hypocrisy  
Why you scared for me to speak?  
Come and take a bite of me

My survival is a benefit to you  
My starvation fuels the things I do  
Demonized, your morals are so high  
I'm your biggest contradiction

You call me loose  
But all you do is use me to get off  
The way you want me is so ugly  
"Your dad must be so proud now," they say  
"Your dad must be so proud now"

Shut your mouth  
The girls are gonna speak now  
Shut your mouth

The girls are gonna speak now  
Shut your mouth  
The girls are gonna speak now  
Shut your mouth  
You say I'm just a whore  
You say I'm just a whore  
The girls are gonna speak now  
Hahaha, I love that shit

You call me loose  
But all you do is use me to get off  
The way you want me is so ugly  
"Your dad must be so proud now," they say  
"Your dad must be so proud now"
