

PARASITE

Banshee

Parasite inside my brain
I need to fucking kill this thing

Leave me here, on the floor
I just need to be alone
Everything is a sign
And I don't wanna listen
I don't wanna pay attention anymore

I'm a ghost
Just a shell of who I once was
There's a loaded gun inside my skull
If I tell anyone, I'll- [*gunshot*]

Parasite inside my brain
Lost control over my life
Reality is a lie
Reality is a lie
Parasite inside my brain
I just watch it eat away
My mind does not belong to me
Kill this thing
Just kill this thing

Kill this thing
Kill this thing
Kill this thing
Kill this thing
I can't kill this thing
I'm forced to watch it eat away

Remove this section of my brain
At this point, I'd do anything
To kill this thing
Kill this thing
Kill this thing
Kill this thing
