POSSESS ME

Banshee

Pick me up, run away with me
I've been up all night, I'm daydreaming
I talk too much, shut me up
Tell me everything I've been thinking

Pick me up, let's run away
I've been up all night, I'm daydreaming
I talk too much, shut me up
Take me somewhere I haven't been yet

Lay me down, suffocate me
Do it gently
You can possess me
Pin me against the wall and take my soul
I'll do what you tell me

Lay me down suffocate me
Do it gently you can possess me
Pin me against the wall and
Take my soul, I'll do anything
