

# RECLUSE

Banshee

Leave me alone  
I don't ever leave my room  
I don't fuck with anyone  
I'm so sick of being used  
I'm a loner, through and through  
Never let them get too close  
'Cause you never, ever, ever know what they want out of you

I'm a recluse  
Never leave my room  
Unapproachable  
Never wanna leave  
I'm just making moves  
I won't hang with you  
Been inside for a year, never wanna leave

Leave me alone  
I don't ever leave my room  
I don't fuck with anyone  
I'm so sick of being used  
I'm a loner, through and through  
Never let them get too close  
'Cause you never, ever, ever know what they want out of you

I'm a recluse  
Never leave my room  
Unapproachable  
Never wanna leave  
I'm just making moves  
I won't hang with you  
Been inside for a year, never wanna leave
