

UNTOUCHABLE

Banshee

Oh
I'm untouchable
I've become
Everything I ever wanted to be
But I can't forget the past
Release me from my memories

I though it'd be easy on my own
I thought it'd be easy on my own

Despite everything you've done to me
My [?] from you

When I was younger I thought it would get easier
But it just got harder
I lost sight of who I was

Release me from my memories
Despite everything you done to me
My [?] from you
