

# Winter Of The Black Snow

Barathrum

Winds whistle  
frosty trees  
gloomy darkness  
it drains the light  
world of chaos  
corpses of carnage  
it is snowing  
black snow from the sky

Rites of blood  
weltering in gore  
Executioner  
and spilling blood  
crowd of creatures  
evil laugh  
human sacrifice  
dies !

Ohhh, sky is dark  
thy fears wake up  
ohhh, nightmares  
of the winter of the black snow

Thousands of corpses  
all over the ground  
Axe of executioner  
is painted by blood  
Blood of sacrifice  
who have frozen tears  
Frozen tears in the  
frozen eyes...
