

A Perfect Match

Barbara Mandrell

Well I look across my morning cup of coffee
And see an angel smilin' back at me
And I think of how your lovin' seems to fit just like a glove
And your disposition suits me to a T

And nothing gives me greater satisfaction
Than knowin' that you feel the way you do
Cause it makes my life worth livin' and I get a thrill from givin'
All my love to you and only you

You and me together we're a perfect match
In each other we have found a perfect catch
Like two ole birds on the eggs of happiness knowin' they're gon na hatch
You and me together we're a perfect match

You know just what I need and when I need it
With you contentment it wasn't hard to find
And though we have our problems we let love and kindness solve 'em
You think that we could read each other's minds

And sometimes I think that we should start all over
I'll bet we wouldn't want to change a thing
Through the good times and the bad ones just a few real sad ones
We found happiness that only true love brings

You and me together we're a perfect match
In each other we have found a perfect catch
Like two ole birds on the eggs of happiness knowin' they're gon na hatch
You and me together we're a perfect match
Yes you and me together we're a perfect match
