

How Long Does It Take

Barbara Mandrell

I read your note that came this morning
The one you've left some time ago
It said you weren't sure about our relation
But when you found out you'd let me know

How long does it take to think things over?
How long does it take you to make up your mind?
This waiting and anticipating is driving me crazy
One way or another I wish you'd make up your mind (Make up your mind)
How long does it take to think things over?

I check the mailbox every morning
I leave the light on every night
And every time I hear the phone ring
I'm praying it's you that's on the line

How long does it take to think things over?
How long does it take you to make up your mind? (Make up your mind)
This waiting and anticipating is driving me crazy
One way or another I wish you'd make up your mind (Make up your mind)
How long does it take to think things over?

How long does it take to think things over?
How long does it take you to make up your mind? (Make up your mind)
