

Just In Case

Barbara Mandrell

It's over I know you're going away
If you can't stay I don't want you too
I won't miss you now I don't care where you go
But where you goin' just in case I do

I'm glad you've got a friend there in town
And I hope she'll be good to you
Don't you worry I won't worry 'bout you
What's a number just in case I do

It's good you're gonna be happy
You're right it's the right thing to do
And you couldn't really be happy
If you thought I still care for you

I know you don't love me anymore
Well, that's all right 'cause I don't love you
And I don't care if you'll ever come back again
But I'll be here just in case you do
Yeah, I'll be here just in case you do
