

# Partners

Barbara Mandrell

We used to ride the trail together  
You were Roy and I was Dale  
We chased the bad guys out of our home neighborhood  
Then we were prince and princess  
Of Greenfield Elementary  
We were partners even then it was understood

In junior high you kissed me  
Cause I'd never been kissed before  
Holding hands we walked home from school and dreamed  
You gave me your high school ring  
Before you'd worn it once  
And I led the cheers for my partner on the team

Partners we used to be partners  
Facing life together side by side  
Partners we used to be partners  
But I guess some partners can't be man and wife

After graduation  
We spoke our wedding vows  
And promised to be partners all our lives  
But you're not Roy and I'm no Dale  
And we're not prince and princess  
And making believe we're still in love ain't right

Partners we used to be partners  
Facing life together side by side  
Partners we used to be partners  
But I guess some partners can't be man and wife  
No I guess some partners can't be man and wife
