

## Pity Party

Barbara Mandrell

Having a pity party  
Pity party  
Getting down and feeling sorry  
Spending time since you went away  
Throwing parties every night and day  
Having a pity party  
Pity party  
Pity me I ain't got nobody  
I'm feeling good and sorry for myself

I ask my friends if they like to come  
They turn me down one by one  
I guess they're tired of watching me  
Missing you  
I'm preoccupied with misery  
Play pin the blame on your memory  
It's a barrel of laughs  
Spitting my heart in two

Having a pity party  
Pity party  
Getting down and feeling sorry  
Spending time since you went away  
Throwing parties every night and day  
Pity party  
Pity party  
Pity me I ain't got nobody  
I'm feeling good and sorry for myself

Lock the door and pull the shade  
Pick out a sad song and let it play  
It's just me and the blues  
Entertaining a tear or two

Having a pity party  
Pity party  
Getting down and feeling sorry  
Spending time since you went away  
Throwing parties every night and day  
Having a pity party  
Pity party  
Pity me I ain't got nobody  
I'm feeling good and sorry for myself  
I'm feeling good and sorry for myself
