

Catch Me

Barbie Almalbis

Catch me, catch me
See if I'm still there
Hurry hurry
No one seems to care
I was dazed, I was blind
And sorta lost my mind
I do worry
Something's intertwined

Honey honey
Save me while there's time
Oh I've missed you
But I can't read the signs
'Cause you're here, yet you're far
Oh we cannot lose this war
Seize me, hold me
And take me in your arms

Catch me, catch me
See if I'm still there
Hurry hurry
No one seems to care
You will see, you will find
I'd want to make you mine
Honey honey
Hope you'd be on time
