

Diamond And Silver

Barcelona

Can we go back
Or is it finally over
Can we go back
I wanna be here forever
Can we go back
I'll give you diamond and silver
Can we go back
Or is it finally over

Don't treat me like I'm naive
I understand what this is, what you mean
I'm not your man, I'm the broken one
In a jealous game, 'cause I get choked up
When I speak your name

Don't tell me what you did on the weekend
Does he know where you were when he was sleepin'
We were all alone on the hood of my car, with the engine on
Didn't I make you cry, didn't I make you moan

Can we go back
Or is it finally over
Can we go back
I wanna be here forever
Can we go back
I'll give you diamond and silver
Can we go back
Or is it finally over

Does he give you what you need
Does he buy you things
Stop, don't tell me, what am I sayin'
I do believe that I'm holdin' on
To a heart of stone
Girl, you make me want, to let it all go
Hey, I don't blame you, look at where I came from
No trust, no soul
That was them and I'm here now
Just don't go home to a lesser man
Baby, stop and think
But tell me this
What I'm wonderin'

Can we go back
Or is it finally over
Can we go back
I wanna be here forever
Can we go back
I'll give you diamond and silver
Can we go back
Or is it finally over

(Can we go back
Can we go back
D-diamond and silver
Can we go, can we go back

D-diamond and silver)

Can we go back

I'll give you diamond and silver

Can we go back

Or is it finally over
