Child Of Man

Barclay James Harvest

Child of God was born today
The child of woman just slipped away
The child of man knelt down to pray
And the children of the earth
Didn't know it was the day of
Creation, creation

One thousand years or maybe more Since they first set eyes on that foreign shore The grass was green and the water pure They turned the key and opened the door To a nation, nation

Child of God says love your brother
Take him by the hand
Child of God says love your neighbour
Make him understand
Child of God says love your sister
Take her by the hand
Child of God says love your neighbour
Make him understand
Make him understand

All believers gather round Press your faces to the ground Lift your voices to the sound Of all the others who have found Salvation, salvation, salvation Salvation, salvation, salvation

Child of God says love your brother
Take him by the hand
Child of God says love your neighbour
Make him understand
Child of God says love your sister
Take her by the hand
Child of God says love your neighbour
Make him understand
Make him understand

Salvation, salvation, salvation Salvation, salvation, salvation Salvation, salvation, salvation Salvation, salvation, salvation
