Love On The Line

Barclay James Harvest

Love like a burning fire Creeping up on you Watch as the flame grows higher Can you see it through?

Don't you know the die is cast?

Got to keep on running faster than time

And you're riding high above

Are you gonna lay your love on the line?

Out where the light is burning There's a heart that's true Sounds of the night returning Put a spell on you

Don't you know the die is cast?

Got to keep on running faster than time

And you're riding high above

Are you gonna lay your love on the line?
