

One Night

Barclay James Harvest

Em **Am**
You took all my money
C **Em**
I gave you no name
Em **Em**
My love and my money
Am **D**
Did you think I would chase it in the rain?
Em **Am**
My eyes are now open
C **Em**
But what do I see?
C **Em**
One ride after midnight
Am **Am**
Had I thought it would mean that much to me?

Am **D**
Everybody needs someone to love
Am **D**
Everybody needs a friend
Am **D**
Everybody needs someone to care
Em **G**
Do you think you can make it in the end?
C **Em**
Do you think that you can make it, my friend?

Em **Am**
I thought it was easy
C **Em**
But what did I know
C **Em**
Of old men and first blood
Am **D**
Or the drunk who gets taken blow by blow?
Em **Am**
The dice are all loaded
C **Em**
You pay by the throw
C **Em**
But you pay the loser
Am **D**
Seems the rain is turning into snow

Am **D**
Everybody needs someone to love
Am **D**
Everybody needs a friend
Am **D**
Everybody needs someone to care
Em **G**
Do you think you can make it in the end?
C **Em**
Do you think that you can make it, my friend?

Em **Am**

We stand round your doorways

C **Em**

You hang on the walls

C **Em**

Your frames are your windows

Am **D**

Put your bodies on the stalls

Em **Am**

You take all our money

C **Em**

We leave you no name

C **Em**

We're dealt just the one card

Am **D**

But the dealer plays in every game

Am **D**

Everybody needs someone to love

Am **D**

Everybody needs a friend

Am **D**

Everybody needs someone to care

Em **G**

Do you think you can make it in the end?

C **Em**

Do you think that you can make it, my friend?
