

## Pools Of Blue

Barclay James Harvest

And with the rain  
Soft pools of blue  
White mist like love  
When you glow so new  
Must warm to you

Just like the snow  
Falling anew  
When it's soaked through  
The snowdrops so few  
Must warm to you

Take my hand, my love  
Come talk to me  
Tell me of your walk  
Through leaves of green  
Where life was free

Tell me of rain  
In soft pools of blue  
How white mist like love  
When you glow so new  
Must warm to you

Tell me of snow  
Falling anew  
How when it's soaked through  
The snowdrops so few  
Must warm to the love of your heart  
Warm to the love of your heart  
And warm to you

Take my hand, my love  
Come talk to me  
Tell me of your walk  
Through leaves of green  
Where life was free  
Take my hand, my love  
Come talk to me  
Tell me of your walk  
Through leaves of green  
Where life is free
