

Shadows on the Sky

Barclay James Harvest

F

See the river deep and wide

F

Could be free on the other side

B

F

Oh, cross the water

F

When the gun and the knife have gone

F

Who'll be here when tomorrow comes

B

F

Oh, living in fear

F

F

Sunrise, sunset, sunrise

B

Over the rainbow they fly

F

Shadows on the sky

F

Hear the sound that fills the skies

F

Killer man with dollar eyes

B

F

Oh, bringing disaster

F

You can stand, you can run

F

When you hear the sound of a gun

B

F

Oh, moving closer

F

F

Sunrise, sunset, sunrise

B

Over the rainbow they fly

F

Shadows on the sky

F

F

Sunrise, sunset, sunrise

B

Over the rainbow they fly

F

Shadows on the sky

B

And as far as the eye can see

B

F

Black as night is the cloud you're under

B

There's a chance that it cannot be

B

F

Hear the cries like the rolling thunder

F

F

Sunrise, sunset, sunrise

Over the rainbow they fly

Shadows on the sky

Sunrise, sunset, sunrise

Over the rainbow they fly

Shadows on the sky
