

The World Goes On

Barclay James Harvest

C D Em G
See the gambler make a stand
C Bm Em G
Holds a lifetime in his hand
C G C G
Win the game or lose control
C C C C
But the world goes on forever

C D Em G
Life's a circle, I recall
C Bm Em G
Shadows played upon the wall
C G C G
You pay the piper to call the tune
C C C C
And the song goes on forever

C D Em G
And when all the words have gone
Bm Em G
There's the thought to carry on
C D G Em Em
Just like a bird that sings
Em C G G
Leave it all behind and spread your wings
G C G G
You can leave it all behind - spread your wings

G G G G
Lay me down
C D Em G
Saw the road move on before me
C Em C C G G G
Times when I was tired and lost my way
G D Em Em G G
Looking at life and strangely for the first time
G D C
Thinking that I could stay here
C C C C
But the world moves on forever

C D Em G
And when all the words have gone
C Bm Em G
There's the thought to carry on
C D G Em Em
Just like a bird that sings
Em C G G
Leave it all behind and spread your wings
G C G G
You can leave it all behind - spread your wings
