

Turn The Key

Barclay James Harvest

C# F#
You build me up
B C#
Then you make me fall
C# F#
With a little more love
B C#
You could make it easy
C# F#
I'm standing here
B C#
With my back to the wall
F# F#F#F#
I keep holding on

C# F#
You've been around
B C#
That's what I've heard
C# F#
With a little more time
B C#
We could get together
C# F#
You hang around
B C#
In your own little world
F# F#
I keep holding on

C# F#
A light shining in my life
B C#
A fire that is burning
C# B F# C#
I've never been this way before
C# F#
You know that the time is right
B C#
To keep the flame burning
C# B F# C#
Turn the key and you'll open the door

C# F# B C# C# F# B C#
Give me more
C# F# B C# F# F F# F#

C# F#
You shoot me down
B C#
My defences are low
C# F#
With a little more love
B C#
You could make it better
C# F#
I'm standing here

B C#
Wondering where do we go

F# F#
I keep holding on

C# F#
A light shining in my life

B C#
A fire that is burning

C# B F# C#
I've never been this way before

C# F#
You know that the time is right

B C#
To keep the flame burning

C# B F# C#
Turn the key and you'll open the door

C# F# B C# C# F# B C#

Give me more

C# F# B C# F# F F# F#

C# F#
A light shining in my life

B C#
A fire that is burning
