

I had never felt this way before till the day that i met u baby,
You turned my life around i must say,
Until then my life had been a mess, i confess,
But you changed that for me,
And now it seems like my life is blessed, and you know,
Wo-oh-ohw

That i need you, that i want you baby,
Addicted to a love affair,
Im not faking, no mistaken baby,
Wo-oh-ohw

I want to live, i want to love forever,
I want to live, i want to love forever,
Heeeeeey,
I want to live, i want to love forever,
I want to live, to love and to give forever,
Heeeeeey,

Now another year has passed so fast,
Cant believe that baby,
Love is the same and you're the mass fade the wind,
Keeps us moving, uhh in times of emptyness you remain,
You're my shelter from the rain,
I could drive myself insane without you,

Cause i need you, and i want you baby,
Addicted to a love affair,
I'm not faking, no mistaken baby,
Wo-oh-ohw

I want to live, i want to love forever,
I want to live, i want to love forever,
Heeeeeey,
I want to live, i want to love forever,
I want to live, to love and to give forever,
Heeeeeey,

I want to live, i want to love forever,
I want to live, i want to love forever,
Heeeeeey,
I want to live, i want to love forever,
I want to live, to love and to give forever,
Heeeeeey,

Dont you want to live, want to live,
Dont you want to live, want to live,
Dont you want to live, want to live,
Dont you want to live, want to live forever.
