

## Curious

## Barenaked Ladies

If I climb a tree just to see what I see  
Does that make me curious?  
If I make a point of just cruising a joint  
Would that make me curious?

And if it's profound this just lookin' around  
Well, then gee whiz  
Don't call me crazy, I've never been lazy  
Curious it is

A touch of excess with a little finesse  
It's simply luxurious  
And if I confess to makin' this mess  
Would that make you furious?

But after a while you'll be crackin' a smile  
And that's when we'll see  
If I may submit, you'll have to admit  
You're curious like me

They say that curiosity was responsible  
For the unfortunate demise of the cat  
But with 8 more lives to investigate  
What kind of a deal is that? Not bad

A furious sun can make for serious fun  
So we won't let that worry us  
'Cause the fun is outdone by a barrel of one  
If that one's the furriest

If curious means that you trade your routines  
For somethin' free  
The freedom you feel's the whole point of the deal  
So curious I'll be

Curiouser and curiouser sir  
Curious  
Curious like  
Curious like me
