

## What a Wild Tune

### Barenaked Ladies

Last night I heard the wolves,  
last night I heard the wolves,  
last night I heard the wolves,  
they were howling at the moon,  
howling at the moon,  
howling at the moon.  
What a wild tune, they were howling at the moon.

Last night I heard the breeze,  
last night I heard the breeze,  
last night I heard the breeze it was singing through the trees.

Then I heard some frogs,  
then I heard some frogs,  
then I heard some frogs they were croaking on a logs.

There's music in the air,  
there's music in the air,  
there's music in the air,  
and the air is everywhere.

Last night I heard the wolves,  
last night I heard the wolves,  
last night I heard the wolves, they were howling at the moon.  
Howling at the moon,  
howling at the moon.  
What a wild tune, they were howling at the moon.
