

Furball

Bargain Music

I ain't got a friend in the world
But I got a special girl
Her name is furball
Her name is furball

I ain't got a baseball bat
Somebody took it I'm mad about that
But I got furball
Mmm I got furball
And furball
She's got me

Well if you think this song is sickeningly sweet
Just ignore the words and dig my crazy beat
Or get yourself a copy of the prince and pauper
Furball looks a lot like dennis hopper

Hair so brown
Eyes so green
And I'm the only one that knows
That she ain't got a spleen

Other night I was watching
The knicks against the heat
Furball said could you change it please to 21 jump street
Got mad at furball
But I still love furball
And furball
Well she loves me
Ya furball
Well she loves me
