

Thoughts Of You

Barlow Girl

Thoughts of You and how You changed me
Fill my mind
Without You where would I be

So even though I've tried to express my thanks
It never comes out how I hoped
I want to say so much more so with these simple words
I'll try

I love You
My heart is Yours, only Yours
I long to give You all of me
My everything, my everything

God I never could repay You
You gave everything
Without You where would I be

You still loved me even when I
Pushed You away
You stood there and waited
Till the day I'd return
